One system -
two possibilities

FEATURES

- **Practical:** Fast, secure, and level installation of wall and floor tiles.
- **Flexible:** The system offers the advantages of both applications, wedges or knobs.
- **Fast and efficient:** The knob is equipped with a unique, patented locking system that allows for ultra-fast tightening and even quicker release. Simply press both side buttons and the knob detaches from the clip instantly, without the need to twist.
- **Sustainable:** Knobs and wedges are durable and can therefore be reused for a long time.
- **Protection:** Washers for knobs prevent damage to sensitive tiles.
- **Precise:** An indispensable aid for planning and laying tiles without overlapping.
